Case Summary

S-18-0407 Randy C. Smith v. Nicolette M. Geveshausen (Appellant)

Washington County District Court, Judge John E. Samson

Attorneys: Mark J. Milone and Michael W. Milone (Koukol & Johnson) (Appellant)?Edmond E. Talbot III (Talbot Law Office) (Appellee)

Civil: Paternity; Child Custody; Parenting Time; Child Support

Proceedings Below: The district court determined Appellee is the biological father of Appellant?s child. It awarded sole legal and physical custody to Appellee and determined parenting time and child support.

Issues: Whether the trial court erred 1) by not making special written findings under neb. Rev. Stat. § 43-2932 and imposing appropriate limitations to protect E.G. from harm while in Appellee?s care; 2) by granting sole physical custody and legal custody to Appellee; 3) by requiring Appellant to pay Appellee child support and ancillary expenses under its award of sole legal and physical custody to Appellee; and 4) by punishing Appellant for complying with the terms of the parties? temporary parenting plan.
