

# Valentine-Understanding Youth Populations with Low-Cognitive Disorder and Mental Illness

Tuesday, January 28, 2020 - 9:00am to Wednesday, January 29, 2020 - 4:00pm

## **VALENTINE**

**Mid-Plains Community College | 715 E Highway 20, Valentine, NE**

**Tuesday, January 28 from 9:00 A.M. ? 4:00 P.M. (check-in and continental breakfast served from 8:30 ? 9:00)**

**Click here to register for January 28 in Valentine (\$20)**

**Presented by: Bill Reay, Ph.D. and president, Omni Inventive Care, Omaha NE**

In this all-day workshop, registrants will gain techniques and strategies for working with clients affected by co-occurring I/DD and mental health disorders, understand the prevalence of co-occurring I/DD and mental health disorders, EBP adaptations, using assessment tools to measure progress, treatment planning, medication management, and working with caregivers and psychiatrists.

Intended audience: mental health therapists, probation workers, case managers, providers, direct care staff, criminal justice and law enforcement, community stakeholders, and family members.

\$20 registration fee includes continental breakfast, light afternoon snack, and 5.5 social work/mental health and criminogenic approved CEUs.
