

Conflict Resolution Day 2023 is a global observance dedicated to promoting peaceful conflict resolution, fostering understanding, and encouraging collaboration. It serves as a reminder of the importance of resolving disputes and conflicts through non-violent means and finding common ground for the betterment of individuals, communities, and the world.

This fall the State of Nebraska Judicial Branch, Office of Dispute Resolution, the Nebraska Department of Education, and Nebraska Children and Families Foundation are promoting activities to celebrate Conflict Resolution Day on October 19th, 2023.

Conflict Resolution Day encourages individuals, organizations, and governments to embrace conflict resolution techniques and work together to build a more harmonious and just society, giving students an opportunity to learn how to peacefully manage conflict that can serve them in school and in the post-secondary and professional goals.
