

Service Name	Transitional Living with Programming
Category	Non-treatment
Setting	Residential
Facility License	As required by local municipal codes
Service Description	Supportive, temporary housing, which includes programming and services to facilitate transition to independent living. Programming/services are provided by trained staff who provide assistance, skill training, and support to individuals living at the facility to develop competence and skills to enable clients to successfully transition into the community.
Service Expectations	<ul style="list-style-type: none"> • Programming should incorporate Evidence Based Practices and should address criminogenic domains including antisocial cognition, antisocial personality, antisocial associates and family marital, substance use, employment, education, and leisure. • The client shall participate in a minimum of 5 hours of structured programming/services per week to include evidence based interventions to address individual skill deficits. • An initial orientation and support plan must be developed with the client upon admission. The short term, personalized plan should prepare the client for transition into long-term safe, sober, stable housing within the community. • An individualized, comprehensive transition plan must be developed within seven (7) days of admission with the individual, probation officer and other stakeholders and should include: skill deficits as identified by Probation; clear and realistic case plan to address skill deficits; smart goals and action steps, strategies and methods of intervention to be implemented; criteria for achieving goals; and methods for evaluating the individual's progress. • The provider, individual and officer shall review and update the transition plan every seven (7) days or more often as necessary. • Ensure facilities are safe and secure for all residents. • Individuals must have access to resources to address basic needs including food, clothing, transportation, hygiene and healthcare. • The provider will be available 24 hours a day to assist clients with crisis situations. • The provider will stipulate accountability to probation requirements and engage in ongoing communication with supervising officers in regards to case plans; specifically the provider will report instances when individual on probation is suspected to be under the influence of drugs or alcohol, when an individual on probation does not stay at facility overnight, and/or suspected criminal behavior. • Medication coordination with behavioral health and medical professionals as necessary. • Relapse prevention/risk reduction plan has been established; individual knows how to implement this plan • The collaborative discharge plan will promote successful reintegration into productive daily activities such as work, school and/or family living, including the establishment of individual social supports to enhance recovery. The discharge plan should include recommendations for continuing care as clinically indicated. • Services must be trauma informed, culturally sensitive, age and developmentally appropriate and incorporate evidence-based practices.
Service Frequency	24 hours/day, 7 days/week
Length of Assistance	Individualized based on needs of individual; Probation will provide financial assistance for up to 8 Weeks (56 days)

Staffing	<ul style="list-style-type: none"> • Staff must have experience, knowledge and education with all facility operations. • Staff must be affiliated with the agency registered as a service provider. • If utilizing House Managers, Managers must receive multi-level approval prior to carrying-out role responsibilities. • If a recommended house manager is a current individual on probation, approval will be determined by the supervising officer and the Transitional Living Specialist.
Staff to Client Ratio	No specific ratios outlined
Service Desired Outcomes	<ul style="list-style-type: none"> • The individual resides and actively participates in programming/services • The individual has developed support systems to help maintain stability in the community • Individual has substantially met transition plan goals and objectives • Individual has improved daily functioning and has reduced criminogenic risk • Individual has identified a long-term, safe, sober and stable housing • Provider has coordinated with other professionals as needed
Unit and Rate	Per Day
