Permanency Pre-Hearing Conferences
Judge Randin Roland, Ceri Artzer, and J Leaf
2009 Nebraska Children's Summit

ADR in Abuse/Neglect Cases
- Pre-Hearing Conferences at Protective Custody Hearing (first 2 weeks)
- Family Group Conferencing (all stages)
- Settlement conferences (all stages)
- TPR settlement conferences (when TPR petition is filed)
- Permanency Pre-Hearing Conferences

The Permanency Hearing
- Required to be held within 12 months of child entering foster care
- Not a standard review hearing
- PURPOSE: To determine what the permanency goal will be:
  - Reunification
  - Adoption
  - Guardianship
  - Independent Living
The Permanency Hearing

- The Court must make findings as to what reasonable efforts are being made to accomplish the permanency goal
  - I.e., if reunification is the goal, what reasonable efforts are being made to reunify the child with the parent?
  - In the past, permanency hearings have been treated as review hearings only
  - The parties have not submitted sufficient information to the judge in which to make a decision as to the permanency goal

The Permanency Pre-Hearing Conference

- Brings parties together to gather information and discuss issues so that the Court has sufficient detailed information in which to make a decision as to the permanency goal

How is a PPHC different than a Family Team Meeting (FTM)?

- Neutral party leads discussion
- Set agenda with clear, specific goals
- The issue of permanency is primary focus
- Report of PPHC is drafted and submitted to court, i.e., the information is directly conveyed to the judge
